

## SUMMARY

Motivated and eager-to-learn engineering student with a solid foundation in programming, web development, and automation. Passionate about exploring new technologies and committed to growing through hands-on experience and continuous learning.

## PROJECTS

### Car Showroom Management System

- Designed and implemented a system using JSP, Servlets, HTML, and MySQL for managing car inventory, customer interactions, and admin tasks with dynamic database integration.

### Online job portal

- Developed a full-stack job portal using Django, facilitating seamless interaction between job seekers and recruiters with a user-friendly interface.

## EXPERIENCE & LEADERSHIP

- RPA Core Member

Actively organized and led sessions on Automation Anywhere, enhancing participants' knowledge and developing leadership skills.

## CERTIFICATIONS

- [AWS Certified Cloud Practitioner](#)
- NPTEL: Design and Analysis of Algorithms
- AUTOMATION ANYWHERE CERTIFIED ESSENTIALS RPA PROFESSIONAL 2023

## TECHNICAL SKILLS

- Programming: C, Java, Python(basic)
- HTML, JSP, Servlets
- Database: MySQL
- Automation: RPA (Automation Anywhere)

## EDUCATION

- B. Tech - CSE  
K L University 2022 – Present  
CGPA : 9.74
- Intermediate  
Sri Chaitanya College 2020 – 2022  
percentage : 95.2
- 10th Standard  
Sri Chaitanya School 2019 – 2020  
Percentage: 99.5

## STRENGTHS

- Responsibility
- Adaptive
- Time management

## LANGUAGES

- Telugu
- English
